

\$1 Million Dollar Gift for Kids

CULLEN
CHILDREN'S FOUNDATION

Help the Cullen Children's Foundation continue work to build the one-of-a-kind Cully's Kids Cabin in the new Sanford Hospital in Fargo with our gift of \$1,000,000.

Your contributions will bring some color to the kids and families living with cancer and other life threatening health difficulties. The Cully's Kids Cabin will be a place of comfort, a place for kids to simply have fun—no needles, no meds, just fun.

The area will be a hockey themed state-of-the-art therapeutic and educational environment that will likely include:

- **Child Life Specialist**
- **Play and Relaxation Area**
- **Resource Library and Learning Area**
- **Arts and Crafts Area**
- **Kitchen Projects Area**
- **Stadium Theater**
- **All-Star Shootout Area**
- **Video and Interactive Area**

The Cullen Children's Foundation is donating \$1,000,000 to the development of Cully's Kids Cabin which will include construction costs, furniture, fixtures and equipment (estimated at \$750,000.) Remaining funds will go to ongoing support of this child life area.
